

POWTS Maintaining

This list has been designed for you, landowners to find professionals who specialize in septic system. In this list you will find company's who have decided to opt into the Marathon County professional lists. Each entry will have the company name, address, telephone number and the individual who holds the proper license along with their credential number.

A person who holds a POWTS Maintainer registration may evaluate, monitor and maintain POWTS (Private On Site Wastewater Treatment System) components for the purpose of providing the management of a POWTS under Wis. Admin. Code § SPS 383.
